Coca-Cola member program

\$1.50 back per qualifying gallon

Your restaurant earns **\$1.50 for each qualifying gallon of Coca-Cola syrup purchased and paid for through an authorized distributor** after Reyes confirms eligibility.

Free membership. No dues. A qualifying 5-gallon box earns \$7.50; 1,000 qualifying gallons earn \$1,500.

Already serving Coca-Cola? If your location, supplier and equipment qualify, you can keep your distributor, equipment, pricing arrangement and ordering routine. You simply add the ACM rebate to qualifying purchases. Your supplier's normal pricing and terms continue.

Support your community. Your participation also generates support for ACM. All ACM proceeds support needed community infrastructure and our vision for a future community center where families connect, children learn and Albanian heritage thrives.

What your location needs

Carry all four core products

Coca-Cola • Diet Coke • Coke Zero Sugar • Sprite

For fountain locations, offer all four on fountain. Reyes confirms product availability and the approved setup for your location.

Accept Coca-Cola exclusivity. Serve approved Coca-Cola beverages throughout your enrolled location, including bottled and canned drinks, and use approved beverage advertising. Competing non-alcoholic beverages and their advertising are not permitted.

The agreement allows fresh-brewed unbranded coffee and tea, unbranded hot chocolate, unflavored dairy, tap water and unbranded juice squeezed fresh on site.

Follow the agreement's purchasing, equipment and advertising requirements, including approved sources for cups and lids where applicable. Use an authorized distributor; Reyes confirms the exact supplier and branch.

Switching from Pepsi or another brand

Reyes helps plan your changeover and arrange approved **Coca-Cola fountain equipment and coolers**. Equipment reasonably needed and agreed for your location is provided **on a no-cost loan**, with normal equipment service covered under the beverage agreement. The equipment remains Reyes' property.

Your representative and Reyes review your current supplier agreement, equipment return, installation and site connections before scheduling the switch. Any installation fee or other conversion cost is confirmed with you in advance. Keep your current service until the changeover is arranged.

Signup and bottle pricing

- 1 Complete both application pages for each location.** Include business and legal names, address, owner and contact details, operating hours and account numbers if known.
- 2 Identify your supplier and attach an invoice.** Mark your current and preferred distributor on page 2. Include a recent invoice; for a new account, provide the first delivery invoice when available so purchases can be matched to your location.
- 3 Return everything to your ACM representative.** They check the forms, confirm the check payee and mailing address, and follow up with Reyes. ACM sends applications in a weekly batch, preferably Mondays.
- 4 Receive confirmation and start earning.** Reyes confirms location eligibility and the rebate start date. Your representative notifies you and helps with any remaining setup or required documents.

When you receive your rebate

ACM issues your check each **February** for eligible purchases from the **previous January through December**, after Coca-Cola sends its report. Your rebate begins when Reyes confirms your location's eligibility and is based on verified qualifying gallons. The \$1.50 rate applies to qualifying syrup through the authorized-distributor program; bottle purchases are separate.
